

Big & Tall High Back Chair

Comfortable + Robust

Kingston

The Kingston Chair is the ultimate choice for big & tall seating. Crafted with anti-microbial PU, it's designed to support up to 400 pounds with ease. A reinforced mechanism, along with reinforced arms and a sturdy base, ensures exceptional safety, stability, and durability. With its high back and premium construction, the Kingston Chair delivers both comfort and confidence, making it the perfect addition to any professional workspace.
